

**REMARKS**

The Examiner contact the undersigned to note some dependency errors and indicated that he intended to apply the obviousness-type double patenting to all of the claims in this application. In view of that attention, the foregoing amendments have the effect of restoring the claims to the condition they were in prior to the January 12, 2005 further amended to cure the dependency errors. To obviate the obviousness-type double patenting rejection, a terminal disclaimer is submitted herewith.

Acknowledgement of the IDS filed on December 29, 2004, which had not reached this file at the time the current Office Action was issued, and return of an initialed SB 08 form is respectfully requested.

In view of the above amendment, applicant believes the pending application is in condition for allowance.

Dated: June 15, 2005

Respectfully submitted,

By 

Edward A. Meilman
